Summary of Legislation: The bill requires that, after December 31, 2005, a poll list include an "Address Unchanged" box so that a voter whose address shown on the poll list has not changed may check the box instead of writing the voter's current address on the poll list.

Explanation of Local Expenditures: *Summary:* Under the bill, county election boards could see a slight increase in staff time to accommodate the proposed change to poll lists. The bill would affect poll lists used in elections after December 31, 2005. Counties that have software capability to produce poll lists would likely only need to modify the file that produces the poll lists. Any impact to local expenditures would likely be minimal.

Background: Under current law, county election boards are required to prepare poll lists in either looseleaf or book form. Current poll lists must have adequate space and lines for the recording of signatures and addresses of voters.
